DA UNING - Inquiry by Grisori COLUS on Referential Case

O? On 28 December VACCINE/1 told us that he had recently seen Grigori) DOLUB for lunch when the latter asked VACCINE/1 what he thought of the BECRNING case and wholes he had been able to ascurtain if Reino HAIHANIN had ever been in Finland. VACCINE/1 replied that he had been following the press reports with a good deal of interest. However, his organisation has not been able to find any trace that a Reino HAIHANIN had been in Finland as claimed in the press. On getting this answer GCLUB went on to comment that the whole case was clearly a proventive fabrication on the part of the Americans.
